

The race isn't over, it just keeps rushing along
But the lap for '03 is in its "swan song"
So we throw out the anchor, tug at the reins
To slow down long enough to review losses and gains

And we like what we see as we look back behind us
At the changes and actions that help to define us
It's been a good year, we've had lots of success
As we scamper and struggle to do our most best

Since we've launched some new concepts to brighten our flame
There's an increasing demand for the Horizon "brand" name
And the large new building at our Kersey site
Helps the flow of our work so we can do the job right.

We look with excitement towards 2004
As a new generation gets involved a bit more
It's fresh thoughts and ideas that we've come to know
Keep us keen and focused and wanting to grow

But our place and our products are only a part
You have to look deeper to see Horizon's true heart
Be it plain luck or magic that guides us through the race
We know the harder we work the more "luck" graces our space.
And the magic we credit as we watch ourselves grow
Is a thousand fold stronger due to the people we know!

THANK YOU ALL AND HAVE A
VERY MERRY CHRISTMAS
